Vacuum Track Conveyor (VTC)

**Industrial Performance Conveyors**

**High Performance - Reliable - Cost Effective**

**Features**
- Designed to firmly control product, after it exits the feeder, in order to execute secondary operations.
- Provide better control of irregular product by spreading out product on a flat horizontal conveyor.
- Available in 2 and 4 meter lengths. Other lengths available.
- Linear mounting bars provide quick mounting of optional components, such as inkjet or laser coders, scanners, vision systems and more.

**Industries:**
- Pharmaceutical
- Food
- Cosmetics
- Packaging
- Financial
- Printing
- Robotics

**Common equipment that the feeder can be integrated into:**
- Imaging lines
- Conveyers
- Poly-baggers
- Order fulfillment
- Shrinkwrappers
- Folder/Gluer
- Case-packers
- Collators
- Existing bases
- Flow wrappers
- Cartoners
- Banders

**Applications**
- Transport, Bar coding applications, and UPC over labeling.
- DVD, Blu-ray, and lenticular affixing.
- Integration with feeders and more.
Technical Data: VTC

† Minimum Product Length may require narrow belt configuration.
‡ Maximum Product Length is dependent on product, equipment configuration and application.

*All Multifeeder Technology® equipment can be designed to meet your specific production requirements. Please contact one of our experienced Application Engineers to discuss many solution options available to you.

Product examples to deliver through feeder:

- Bags
- Pouches
- Pamphlets
- Card Stock Products
- Gift Cards
- Clear-Film Plastics- Coupons
- Magnets
- Bandages
- Carton Blanks
- Tyvek® Sheets
- Pharma Inserts
- And More

Technical Support Services

Our dedicated team of experienced Technicians and Application Engineers have the proper training and necessary credentials to answer any questions and offer system solution recommendations for your project needs.

For Technical Assistance, call 651-407-3100, select option 2.

Multifeeder Technology provides high performance friction feeding and labeling solutions throughout the world. With state-of-the-art control technology and robust mechanics, our products feed more quickly and accurately to provide customers with a greater value of return. All feeders, labelers and accessories can easily be integrated with other machines to provide a total system solution for any application.
